

S3 CONFERENCE 2017

ASIA'S FIRST COLLABORATIVE SIMULATION CONFERENCE

31 October - 4 November 2017 | Academia, Singapore

PRE-CONFERENCE WORKSHOP

MOULAGE

The Art of Creating Simulated Wounds

31 October 2017 | Tuesday | Academia, Level 2, Whitespace

ABOUT THE WORKSHOP

Join us for a fun and enjoyable day of hands-on learning introducing you to the art and science of moulage. The 'created' wounds are used to add realism to simulation scenarios for medical, nursing, paramedical and emergency services training.

LEARNING OBJECTIVES

At the end of the workshop, participants will learn how to create realistic moulage for :

- Surgical wounds
- Bruising, shock and rashes
- Cuts, abrasions, lacerations
- Burns and gunshot wounds
- Ways to add realism to wounds with scabs, blood, pus

TARGET AUDIENCE

Simulation technicians, educators and all working in medical and emergency training and education.

FACULTY

Ms Nola Pearce

Director, TraumaSim Pty Ltd
Perth, Australia

FEES

SGD321 (inclusive of GST)

For participants attending the S3 Conference 2017

REGISTRATION
