Our Services on next page →

# Our Services

## Digital Diabetic Retinopathy Photography (DDRP)

Eye examination for early detection and management of eye problems caused by diabetes.

## Diabetic Foot Screening (DFS)

Helps to identify early foot abnormalities and reduce the morbidity associated with diabetes which helps to prevent the risk of leg amputations.

## Nurse Counselling and Education

Patient education is a vital part of the diabetes management plan, which includes Diet & Lifestyle Education, Insulin Therapy Skills & Medication Education.

## Podiatry

Treats and manages simple foot conditions such as corns, calluses, thickened nails and trimming of ingrown toenails.

## Audiology (Hearing) Services

Diagnostic Hearing Test, Hearing Aid Evaluation sessions, Hearing Aid Fitting and follow up consultations to help manage hearing loss for Singapore Citizens aged 60 and above.

**\*Note: All services require a doctor's referral (except for audiology referrals from Project Silver Screen), and are by appointment only. Please call us @ 63760158 to book an appointment.**
